

# THE PAINTS AND COATINGS SECTOR

## THE RANGE OF CONCENTROL ADDITIVES

### DEFOAMING AGENTS EMULTROL DFM® RANGE

Antifoam effect during manufacture and application

Easy incorporation

Free of volatile organic compounds

Comply with EU and FDA regulations

### EMULSIONES DE CERA Y SILICONA EMULTROL DFM® RANGE

**Wax emulsions:** modification of the surface finish (anti-blocking properties, smoothness, matting effect, gloss improvement, anti-slip, waterproofing)

**Silicone emulsions:** slip properties, waterproofing and improvement of abrasion resistance.
